

## Whats New Inside CoreResearch@Duke for Grant Managers

Joe Rusnak and Moria Montalbano  
Duke University School of Medicine

---

## CoreResearch@Duke is Live!

- The Shared Resource Booking to Billing System has been live for 11 months
- Over a dozen live cores
  - Light Microscopy is the first major core live
- More cores coming every month
- Linking process under way
- Demo

## CoreResearch@Duke is Live!

- What can the system do for you?
  - New tools for Grant Managers
  - Putting projects on hold
  - New insight into outstanding core charges
  - New controls over who can use what fund codes
  - Invoices available
  - Reporting available

## System Demo

- How to view rates in the system
- Creating estimates
  - Coming to the Grant Manager Page soon
- Managing PI's
  - Adding Users to PI's
  - PI-Delegate Role

## System Demo

- Managing Fund codes
  - Linking users to codes
  - Putting projects on hold
- Managing Services
  - How to see what jobs are outstanding
- Invoices
  - How to view
  - Future plans

## Reports

- Handout
  - SR PIUserProjects
  - Invoice Summaries
  - Report on outstanding jobs coming
- Grouping of reports will be coming soon

## Grant Managers with Shared Resources

- If you are not live now you will be soon!
- The goal is to get most Cores at Duke live by next December
