Manage Department Space

**Navigation Pane:** Space Planning & Management, Space Allocation, Manage Department Space
Selecting Building Floor and Room

There are two methods for selecting a room to edit in WebCentral. Method 1 is only applicable if there is a CAD drawing in the system for the building.

Method 1: Review/Edit (with Drawings)

From Building or Department

A. Using Building selection box
   i. Enter specific building number, or
   ii. Click on dots to right of Building selection box for lookup, or
   iii. Leave selection box blank to return entire list of buildings your department occupies

B. Click the Apply button
C. Select Floor and drawing will display highlighted rooms assigned 100% to your department in one color and shared rooms another color.

D. Select a room for editing by clicking on desired room. Hovering your mouse cursor over the room you wish to edit will make small box appear showing room data you have selected in the Labels box.

*Notice the Labels box in the top right corner of the window. Make your selection here to display metadata on the drawing such as room numbers or responsible person.*

After selecting a room to edit, the Edit Department Allocation Details screen will display. Please refer to **Editing Room Details** section on page 8 for detailed instructions on how to edit room data.
Method 2: Review/Edit (without Drawings)

Manage Department Space
There are several options available for you to select a room using this method:

- By Building
- By Floor
- By Room
- By Room Use
- By Department

A. Make your selection in the filter boxes (by typing in the data or by clicking on the box with the three dots)
B. Click Apply Filter

C. The room (or lists of rooms) will display when you click Apply Filter. Clicking on the room in Select A Room list will display the Edit Department Allocation Details screen. Please refer to Editing Room Details section on page 8 for detailed instructions on how to edit room data.
Editing Room Details

After selecting a room, the Edit Department Allocations Details screen will display.

Note when there are multiple assignments at any level, purple highlights the active line.
Room Use Edit

1. Click on the room use number highlighted in blue. Select Value - Room Use box will display.

2. Scroll list, or filter by number or description to find correct room use. Select number or name.

3. You will return to Edit Department Allocation Details screen and room use will be updated.
Subdepartment Edit

Performance of subdepartment allocation details:

- Override existing subdepartment with another subdepartment in the same department
- Add New subdepartment (add additional subdepartment)
- Change subdepartment percentage (changing percent when there are multiple subdepartments)
- Delete subdepartment (remove a subdepartment)
Override Existing Subdepartment

1. Click the subdepartment Number and the Select Value – Subdepartment box will display.

   ![Subdepartment Allocation(s) for Assoc VP Budgets & Business Services (3224000500)](image)

   **Select Value - Subdepartment**

   **Note:** Using this option will keep all responsible person, function, comments and occupant data intact.
Adding New Subdepartment

1. Select Assign a Subdepartment in top right corner. The New Subdepartment Allocation box will display.

   ![New Subdepartment Allocation](image)

   A. Sub-Dept
   B. Subdepartment Name
   C. Allocation %

2. Add subdepartment
   A. Click the blue box with the three dots to see available subdepartments for selection
   B. Enter percentage
   C. Click Save in the bottom right to save changes

3. You will return to Edit Department Allocations Details screen and the new Subdepartment(s) will display.

   ![Subdepartment Allocation](image)

   *Percentage(s) must equal 100% or you will receive the error message in bold red above.*
Change Subdepartment Percentage

1. Changes to the subdepartment %s are made directly on the Edit Department Allocation Details screen by clicking in the box and overriding what’s currently listed.

Delete Subdepartment

1. Click the blue x box beside the Subdepartment you want to delete. Please note that by deleting the Subdepartment, you are deleting the associated responsible person, functions, comments and occupants.

2. Be sure to adjust your Subdepartment %s so they equal 100%.

**NOTE:** When multiple Subdepartments are being used on a room, click on each Subdepartment name to see the responsible person, functions and occupants associated with the Subdepartment selection.
Perform one of the functions below:

- Edit Responsible Person
- Add Responsible Person
- Change Responsible Person Percentage
- Delete Responsible Person
Edit Responsible Person

1. Click on the responsible person name and the Assign Responsible Person edit screen will display.

   ![Assign Responsible Person Screen]

2. Overriding existing responsible person assignments:
   A. Select checkbox to search only people in department assigned to the room or deselect checkbox to search entire Duke directory.
   B. Type full/partial last name or leave search box blank and click blue box with three dots to select from a list. Once name has been found, click on selection then Save.
   C. Type in the Duke ID of the responsible person and click Save.
   D. Adjust the responsible person %
   E. Click checkbox if responsible person is also occupant of room. This will eliminate the need to add the same name as occupant as separate step

Note: Using this option will keep all functions, comments and occupant data intact.
Add Responsible Person

1. Select Assign a Responsible Person and the Assign Responsible Person edit screen will display.

2. Add new responsible person assignment:
   A. Select checkbox to search only people in department assigned to the room or deselect checkbox to search entire Duke directory.
   B. Type full/partial last name or leave search box blank and click blue box with three dots to select from a list. Once name has been found, click on selection then Save.
   C. Type in the Duke ID of the responsible person and click Save.
   D. Adjust the responsible person %
   E. Click checkbox if responsible person is also occupant of room. This will eliminate the need to add the same name as occupant as separate step
Change Responsible Person Percentage

1. Changing the Responsible Person %s is done directly on the Edit Department Allocation Details screen by clicking in the box and overriding what’s currently listed.

Responsible Person %s have to equal 100%.
Delete Responsible Person

1. Click the blue x box beside the responsible person you want to delete. Please note that by deleting the responsible person, you are deleting the associated functions, comments and occupants.

   ![Responsible Person Table]

   **NOTE:** When multiple responsible people are listed on a room, click on each Responsible Person’s Duke ID to view the functions and occupants associated with your RP selection.

2. Be sure to adjust your responsible person %s so they equal 100%.
